

# Textured Wood Grain Slab

## Notes:

- 3/4" thick with matching edge banding on all four sides.
- Edge banding is 1mm thick.
- Available horizontal or vertical grain. Grain runs longest dimension by default.
- Matching panels available, 3/4", minimum size of 4" x 6", maximum 28" x 96"
- Toe-kick in standard size of 4.5" x 95" (horizontal grain only)
- Available hinge bored for either IKEA or standard hinges, 35mm hole at 1/2" deep
- Thermally Fused Textured Laminate (TFL)

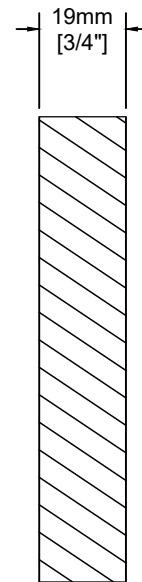

## Grain Direction

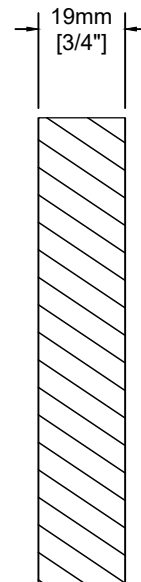

Grain runs in longest dimension by default.

If your door is wider than it is tall, select horizontal grain to ensure grain consistency.

If you want your drawer face grain direction to match your doors, select vertical grain drawers.
